## **LEGAL PROCEEDINGS AND ASSOCIATED FEES**

There are outstanding charges for depositions and court proceedings in which, on occasion, we who are clinical staff must be part of. This includes our appearance at court hearings, testimony in court, deposition outside of court, documentation or reports, telephone consults as well as preparation time. For this reason, it is in your best interest to ensure that our time is minimally used with the guidance of your attorney. If our presence or time is needed in your legal situation, please read and sign the following arrangement.

There will be a minimum deposit of \$2000 per clinician. This initial deposit will account for each day the clinician is out of the office (\$1400) plus preparation time (\$600). Each additional day each clinician involved in your legal situation will be out of the office will result in an additional \$1400 charge per clinician to account for lost wages on that day. This money is due seven days prior to the clinician(s) appearance in order to reschedule clinician'(s) scheduled clients.

Phone consultations lasting longer than 15 minutes will be billed at the following rate: \$87.50 (16-30 minutes) and \$175 (31-60 minutes). Phone consultations with your attorneys will be billed at the same rate and your legal representation will be responsible for their individual consultation time.

Please feel free to discuss these arrangements with your clinician(s) before signing this form.
